(Photo on page 4)

"The Magic of Mink" is on display in the lobby of the State Bank of Antioch. Through the cooperation of the Gengel Mink Ranch in Lake Villa, beautiful white, pearl, standard dark, violet and sapphire pelts are on display.

A large "Emba Chart" showing how mutation mink are reproduced is also part of the exhibit.

The Alaska mink are large, but the pelt is heavy and the fur coarse. The Labrador wild mink are small with silk pelts. These were cross-bred with domestic mink to achieve large mink with silky lustrous fur.

Mink are native to the North American Continent. United States ranch-bred mink are larger than their cousins in England and Europe and are the finest mink in the world.

The first mink to be anything but the usual dark brown was an

accident—an accident of nature. The first recorded mutations in mink occurred in the late 1930's. On two different mink ranches in Wisconsin, pale blue-grey mink were born. The farmers decided to breed these strange blue-grey mink. Crossing them back to the darks, resulted in kits a little lighter than the normal dark brown shade.

When the next mating season came around, the original blue-grey mink was mated to a hybrid. Half of the resulting kits were of the original blue-grey mutation; the other half dark brown. The next season, when the mutations were bred, all kits were of the beautiful new color. There are some extraordinary stories about the demand for these early mutations — one rancher paying \$10,000 for a single animal. Another exchanged a Cadillac for a single mink.

In 1946 a pleasing brown shade was introduced—this is the mink most in demand today, and is known as "Royal Pastel" and

graded and selected Emba pelts are sold as "Autumn Haze."

In 1940, as a consumer protection, U. S. mink ranchers decided to trademark their quality pelts. They coined the word, EMBA, a phonetic interpretation of the initials of their marketing organization, the Mutation Mink Breeder's Association.

Sex has nothing to do with the quality of mink. Some fashions, such as long, straight stoies are created with male pelts only. Female skins are smaller and are used primarily for the sleeves of coats and for jackets.

## Four School Elections Set For Saturday

Four school board elections will be held in the Antioch area Saturday with a light vote expected.

Polls in each of the schools will be open from 12 noon to 7 p.m. Fred. Wachta, Robert Burns, Richard Harland and Dr. Fred L. Bobzien are in the running to fill three spots on the Antioch Grade School Board.

At Antioch Community High School Robert Lindblad, Dr. Albert Bucar and Mrs. Betty Meyer are seeking three year terms. Mrs. Helen Kopriva, incumbent, did not file.

Four are vying for the three-year posts at Grass Lake School. (Continued on page two)

# Supervisors Elect Depke As Chairman

Warren Township Supervisor Robert Depke, 38, Tuesday was elected chairman of the Lake County Board of Supervisors on the first ballot.

Depke takes over from Antioch Township Supervisor Lloyd E. (Red) Murrie, who has held this post for the past two years. Depke had entered the meeting prepared to face one candidate,

three more than the necessary 10 needed for election. Peers cornered 3 votes, Geary, 3, Cepon, 5 and Brehner, 3. Opponents to Depke had worked out the strategy so that the four nominees against them had 20 votes altogether in the four townships.

Had all of the assistant supervisors from the four townships—Waukegan, Avon, Shields and Deerfield—gone along, it would have effectively stopped Depke, who then would have garnered only 15 votes.

But crossovers beat the Depke opponents.

Waukegan Township lost George Olson, Joseph Nemanich and Anton Urban to Depke; Shields lost Henry Berquist and Jonas G. Frederickson and Deerfield lost John Frantoni.

In turning over the reins of county government to Depke, the second youngest county board chairman ever elected by the board, Murrie said:

"Today you have been elected to a most important office. It is an office that calls for many things. Foremost is mature judgment. Many problems will arise that call for cool and calm deliberation. When these situations arise counsel with your fellow board members before making any snap decisions.

"As you are aware, the image of the County Board rests primarily with the statements and actions of the chairman. Do nothing to discredit this honorable body."

"I now present you with the symbol of authority and admonish you to tread lightly but always carry a big stick."

Depke, married and the father of five children, told the board that he would adhere to Murrie's advice.

"I don't want anyone to feel that my door is closed," he said. "My door will always be open to everybody, especially every citizen of this county."

"I intend to do a job for the county in the coming year, one that will make the county move forward. I do think there is need for a public relations department in the county and I will propose this later in the year along with several other programs I have in mind."

Depke then named the Committee on Committees and the Rules Committee, before recessing the meeting until April 17.

Named to the Committee on Committees were Clarence Pontius, chairman, Murrie, vice chairman, Nemanich, Leroy Fritz, Ernest Mintern, Ronald Coles and Frantoni.

Named on the Rules Committee were Kenneth Henke, chairman, Bruce Frost, vice chairman, Frederickson, Robert Dickson, Urban, Harry Knigge and Frank Valenta.

## ACHS Students Prepare Packages For Vietnam

One hundred and thirty-six packages were prepared for Vietnam at Antioch High School on April 3 under the supervision of Elmo Edwards.

Students assisting were: Karen Sheehan, "Chip" Gross, Priscilla Strahan, Linda Soland, Diane Popp, Sally Krieger, Janet Strahan, John Prossie, Wendy Jensen, Carol Harceg, Donna Garrison, Jerry Martin, Glen Bocox, Don Jackson, Denise Prather and Janet Meyer.

One hundred and thirty-two packages were sent to the 44 men on the Post Office Vietnam list. Four packages were also sent to two evacuation hospitals. Postage amounted to \$78.00.

The packages contained soap, stationery, playing cards, tooth brushes, candy, popcorn and other items including paper back books. Most items are purchased from funds contributed voluntarily by Antioch citizens.

Postmaster Joseph Wolf, Harry Brehen and Art Doty were on hand helping with the packing. Postmaster Wolf said: "We are well pleased with the patriotism and interest shown by the Antioch High School students. They pitch right in and did a superb job of helping prepare our boys' shipment of packages to Vietnam. It should please our boys over there to know that the students from the high school participated in 'Project Vietnam'."

## Quaker Industries Stock Increase Set

Secretary of State Paul Powell has announced that Quaker Industries, Inc., Antioch, has been authorized to increase shares from 20,000 PV shares and 200,000 NPV shares to 20,000 PV shares and 1,000,000 NPV and reclassified issued shares.

At the same time Powell's office announced that the H & L Corporation, Lake Villa, has been dissolved.

## Rescue Squad News

The Antioch Rescue Squad took Georgia Turner of Rt. 4 to Victory Memorial Hospital on Friday, April 5.

Money is something that things run into and people run out of.

## Dog Licenses Now On Sale

All township dogs should have licenses. They are available at the Township Office, 920 Main St., and may be purchased daily from 9 a.m. to 5 p.m. and from 9 a.m. to 12 noon on Wednesdays and Saturdays.

## Whiteside To Head Forest Preserve

C. Robert Whiteside, of Zion, is the new president of the Lake County Forest Preserve District. Whiteside was elected to the post in absentia—he is in the hospital recovering from surgery. His only opponent was Dr. Rol-

and J. Sandee, who had served on the land acquisition committee and was nominated by E. Kenny Harlan, retiring president. The forest preserve commissioners serve a dual role as Lake County Supervisors and their as-

sistants. The vote, with Whiteside winning on the first ballot, was 25 to 11.

The commissioners then elected Ernest Mintern of Zion to fill in as temporary chairman until Whiteside is well enough to return to work.

Mintern read a statement from Whiteside which said in part:

"I want to thank everyone for their confidence in my ability to do this job. I want to ask for the cooperation of all of the members in order to attain our goal and work together."

Mintern then named the members of the Committee on Committees and the Committee on Rules.

Named to the Committee on Committees was Lloyd E. Murrie, chairman, E. Kenney Harlan, vice chairman, Clarence Pontius, Frank Valenta, Kenneth Henke, Joseph Nemanich and Robert Dickson.

Named to the committee on Rules was Joseph Jonas Frederickson, chairman, Anton Urban, vice chairman, Frank Peers, Leroy Fritz, Bruce Frost, August Cepon and Roland J. Sandee. The meeting was then recessed until April 19.

## Murrie, Murphy Participate In Outing

Antioch Township Supervisor Lloyd E. Murrie and State Rep. W. J. Murphy, Petite Lake, Antioch took part last Tuesday in ribbon cutting ceremonies marking the opening of Hemming's State Line Car & Truck Plaza, Russell Road and Rte. 41.

The facility is the newest in the growing network of Standard Oil-supplied truck stops and will be a 24-hour a day operation.

It is a modern two-story building housing a carpeted truckers' lounge equipped with colored television, 11 sleeping rooms and lavatory and laundry facilities.

The restaurant seats 100 persons and will also operate around the clock.

Operator of the facility is Gene Hemming, of DesPlaines. He will

## Kindergarten Registration For AGS Starts April 22

Kindergarten registration for the 1968-69 school year will take place at the Antioch-Grade School, 817 N. Main St., Antioch, at the Oakland Grade School, Loon Lake and Deep Lake Rd., and at the Channel Lake Grade School, Lake Avenue in Channel Lake, during the week of April 22nd. All children who will be five years old by December 1,

1968 are eligible for kindergarten. No child will be registered unless a birth certificate is presented to the school at the time of registration. A fee of \$7.50 will be charged for each child registered.

Hours for registration will be Monday through Friday from 10 a.m. to 3:30 p.m.

## Capt. Gantar New Head At Great Lakes

Navy Captain Mark M. Gantar, a native of North Chicago, will return home next month to take over command of the Great Lakes Naval Training Center.

Gantar will relieve Capt. V. J. Soballe as commandant of the district on May 31. Soballe has over 30 years service and will retire June 1.

Gantar was born in North Chicago June 1, 1919 and graduated from Waukegan High School in 1936. He graduated from Northwestern University in 1940 and volunteered for active duty in December of that year.

He attained the rank of captain in 1959 and during World War II served on three destroyers, seeing action in the Aleutians, the Atlantic and the Western Pacific.

He comes to the center from the office of Chief of Naval Operations, Washington, D.C., where he was deputy director of Navy program planning.

He is assisted by Judd Brewere, Zion, who will manage the service station and garage, and Bob Bouvat, of Grayslake, who will manage the restaurant.

The average daily patient census in Veterans Administration hospitals for the past six months is approximately 98,000.

Total Snow This Season - 28.9"

Remarks: The number of days between the average date of the last freezing temperature (32° or below) in Spring and the average date of the first freeze in the fall has been termed the "Growing Season." This season averages about 155 days in Lake County. Along Lake Michigan the last freeze is approximately five days earlier in Spring and five days later in Fall than the average for the rest of the County. The growing season designation is a little misleading as different crops have different temperatures at which growth is affected. Temperatures often vary considerably during ridge and valley locations during radiation freezes. High fields or gardens have less chance of a late freeze than those in low spots or valleys.

Here are some last freeze probability averages for Lake County. All data is based on temperatures in a standard U.S. Weather Bureau Thermometer. Shelter which is about five feet above ground. Lower temperatures will exist at times nearer the ground.

# State Bank To Install New "Tel-Air" Motor Banking System

Construction is now in progress at the State Bank of Antioch on a new concept in Motor Banking that is considered to be the fastest and most convenient system ever offered to the public.

Mr. William E. Brook, president of State Bank of Antioch, announced that "Tel-Air," the new visual control pneumatic motor banking system, will be in operation within the next two or three months.

The new system will provide four lanes of motor banking in a fully covered all weather drive-through. It utilizes a pneumatic tube system connecting the convenient easy-to-use unit on the drive-way to the tellers inside the bank. The tellers are seated in an elevated control station, which enables them to have a complete

view of all drive-up stations. Each unit is low enough so that the driver has a perfect view of the control station and the tellers inside. A two-way transistorized sound system connects the teller and customer for ready communication.

Brook said: "Transactions are handled more readily with the carrier dispatch station than in a conventional seated teller operation. The customer places his deposit or check into a cylindrical carrier with a snap latch on its side. He then drops the carrier into a slot provided for that purpose. The carrier is whisked away to the teller at a speed of 25 feet per second and is deposited at the teller's finger tips. A quick handling of the transaction

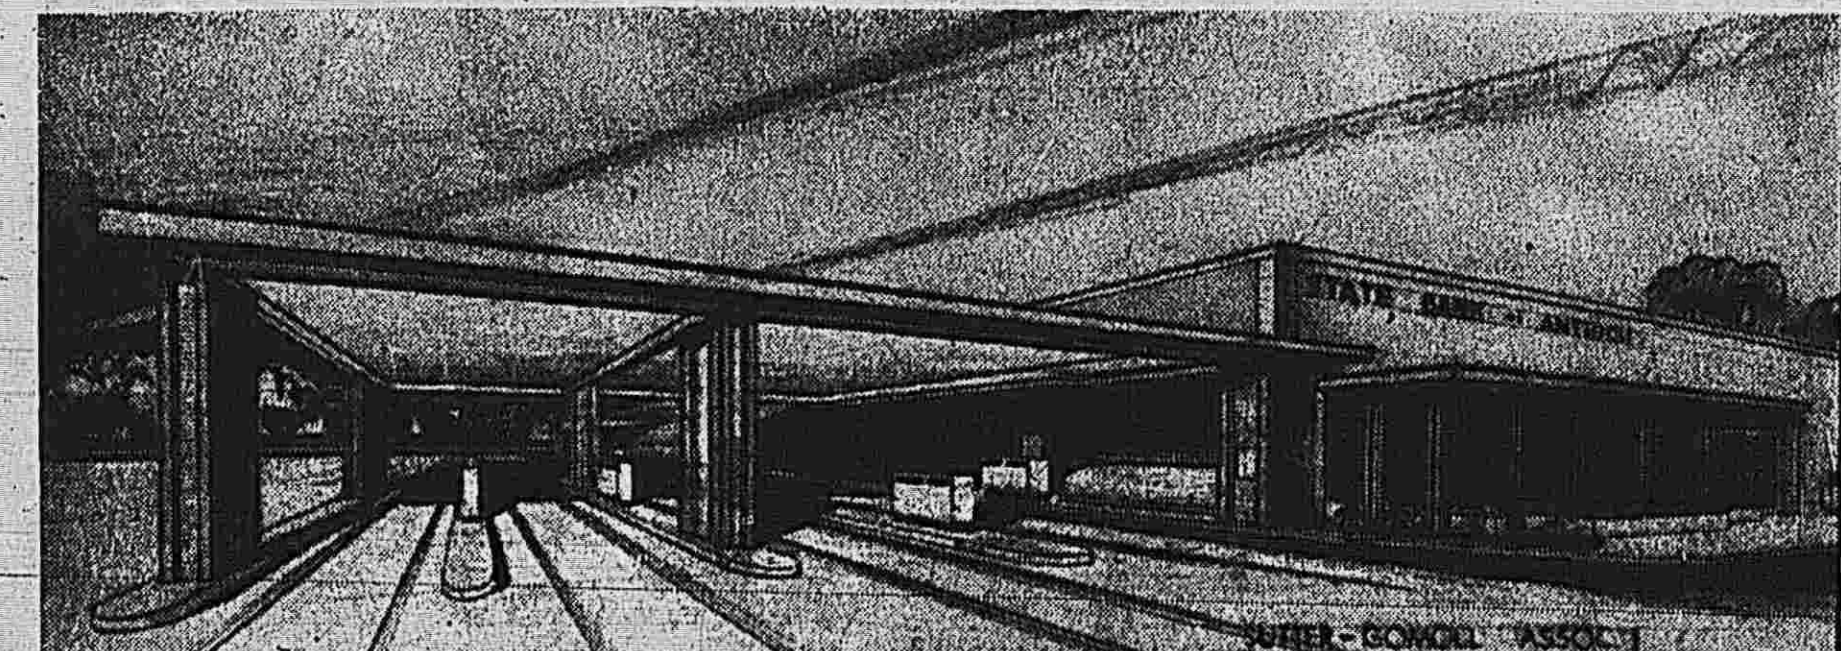

and the cash or receipt is reinserted into the carrier and it is returned to the customer at the same speed."

"There will be some changes," Brook said. "The drive-up window located at the southwest corner of the building will be for commercial deposits only. New windows will be installed at the southeast end of the building for the new elevated control station. We will have a new walk-up window in a closed area on the east side of the bank at the south end, where customers can easily and comfortably transact their business. A drive-up depository will be located at the southeast corner of the building."

"The parking lot will be changed," Brook continued, "and will

provide four lanes of motor banking instead of the one we now have. Despite the changes, we will not lose any parking space. Customers will like the speed and ease with which they can approach the stainless steel units on the driveways and complete their transactions. Services offered with the "Tel-Air" system, will be the same as before. With "Tel-Air," a warm, friendly atmosphere continues throughout the transaction, since visual and sound contact are never interrupted. This is in keeping with the bank's continued policy of prompt, friendly service."

The "Tel-Air" system is so new that State Bank of Antioch will be the first bank in Lake County to use it.

Architect's drawing of new "Tel-Air" Motor Banking facility that will be in operation at State Bank of Antioch within the next two months. The new system will provide 4 lanes of motor banking in a fully covered all weather drive through. It will utilize a pneumatic

tube system, connecting the unit on the drive-way to tellers in an elevated control station inside the bank. A two-way transistorized sound system will connect the teller and customer for ready communication.

### One Man-One Vote

The recent Supreme Court decision extending the one-man, one-vote rule to counties and other government entities might play havoc with the Lake County township boundary lines.

And it might cut the Lake County Board of Supervisors down from its present 37 to a much lower figure.

Many students of government already recommend that there only be nine supervisors.

The ruling, in effect, says that the townships have to be divided up into districts containing the same—or approximately the same—number of residents.

With the population boom in Lake County—experts now peg it at in excess of 370,000—this could bring about some drastic changes.

Waukegan Township is the largest at some 69,865 according to the 1960 census.

If you used that as a base figure for redrawing the lines the combination of townships to attain the 69,000 figure is somewhat startling.

For instance the combined total of—say—Antioch, Lake Villa, Newport, and Grant Townships is only, according to the 1960 census, at 28,144. If you add Avon to that you only come up with 44,699.

Using those figures—and they don't come up to the Waukegan figure—you have already eliminated four townships by combining five.

If you added Benton Township and Zion Township to the five already mentioned, then you would have the Waukegan figure. And instead of having eight townships you would only have two.

We haven't seen the Supreme Court decision but it is our guess that any redistricting will have to wait until the 1970 census is taken.

But we would imagine that a lot of legal eagles are pouring through the textbooks to find out if there is a loophole.

If there isn't, then we imagine that a number of supervisors are going to start squirming just a bit when the lines have to be drawn.

## Save Our Kids

Children are our nation's biggest asset and now that warmer weather has arrived, motorists are urged to use greater caution in their driving.

The Lake County Safety Commission points out that each year over 5,000 youngsters, ages 1 through 14 are killed on our nation's highways.

Drivers must think for the children to avoid tragedies because children in traffic are often careless.

Motorists should be extremely careful upon seeing children playing near the street and while passing playgrounds and school yards.

In the State of Illinois during 1965 there were 207 child-traffic victims in the age group 1 to 14.

All types of accidents claim more lives in this age group than the six leading diseases combined.

The motorists should remember to expect the unexpected where children are concerned and be ready to stop in case a child should dart into the traffic.

The child you save may be one of your own.

## Courthouse Notebook

By Lou Durkin

A new administration took over the Lake County Board of Supervisors with the election of a new Chairman Tuesday, but chances are the change in Chairman will mean little change in the basic board setup.

Since this is being written before the election of the Chairman it is based upon the assumption that all the pre-election signs were valid and that Warren Supervisor Robert Depke has picked up the chairman's gavel.

If Depke is elected as expected there will be few changes in Committee membership and Cuba Supervisor Joseph P. Welch will undoubtedly remain as Chairman of the Board of Review, one of the more important and more lucrative positions at the disposal of the board chairman.

Antioch Supervisor Lloyd Mur-

rie will step down and no doubt resume his old post on the Finance Committee, the key committee on the board, since it is traditional for the chairman to retire to this committee.

And of course it wouldn't be normal if Guy Grinnell, of Libertyville, didn't wind up on the Finance Committee and the Liquor Control Commission regardless of who wins the chairmanship.

One major change under the Depke stewardship could be a greater emphasis on development of the Public Works Department and a broad Public Works Department program of sewer and water facility development.

Development of a county sewer and water system through the Public Works Department has long been one of Depke's main in-

## Your Congressman Reports....

By Cong. Robert McClory

Lady Bird Johnson may have been the deciding factor in the President's decision to withdraw himself from consideration as a candidate for re-election. This bill of speculation is probably no less reliable than other educated guesses that have appeared recently in the press and on radio and television. While the Presidency is the most powerful, political office in the world, it is also the most arduous and demanding. Five years of service under circumstances such as President Johnson has had to endure is a sufficient sacrifice for any man. It is likewise an adequate contribution by the members of his family who experience much of the ordeal which goes with the office.

At least a half-dozen Members of the U. S. Senate are voluntarily declining to seek reelection. Senator Bourke Hickenlooper of Iowa, ranking Minority Member of the Foreign Relations Committee and, seemingly, a shot-in-for re-election, declared that he was unwilling to face the rigors of another campaign. Senator Thurston Morton, one of the most popular figures in the U. S. Senate, stated flatly: "It is not the coming election that concerns me but the challenge—and responsibility of a six-year term... To use an old Kentucky expression I suppose I am just plain 'track sore'."

Some 26 Members of the House of Representatives are voluntarily giving up their congressional seats in favor of more leisurely careers in private life. The wives and children of some of these men have certainly been the controlling factors in the difficult decisions to withdraw from further service in the greatest legislative forum in the world.

Public service, including election to state and national office, is an exciting and rewarding experience. It also involves trials and tribulations, hard work and frustrations, and above all, long hours and inadequate vacations. While few who are elected to office ever choose to "voluntarily" retire, there is an obvious relief which seems to accompany such a decision. This was dramatized recently in the reactions of Lady Bird Johnson and the President's children, who supported his decision to withdraw from the race

terests and he takes his place as Chairman of the Board after serving as Chairman of the Public Works Committee.

The huge lobby in the new County Administration Building has an interesting display as part of the county's observance of the Illinois Sesquicentennial.

Pictures and charts recall past history, point up the tremendous progress made by the county in the past few years, and foretell a future of the continued growth and development.

Ironically, the least impressive display is the picture of the current county board.

Of course the board has always been economy-minded and sensitive of free-handed spending so the photographer was probably limited as to the size of his camera.

Other county displays and displays by various county organizations and industries are planned during the celebration year, according to Kenneth Henke, Benton Supervisor who heads the county's Sesquicentennial Committee.

Many of former Governor William G. Stratton's supporters in this area are beginning to wonder about his campaign, but probably none more than State Representative W. J. Murphy.

Murphy, who is unopposed in his bid for re-election, would like to be Speaker of the House when he returns next January and early in the campaign cast his lot with the former Governor.

If Stratton wins the election he could exert considerable leverage in Murphy's behalf.

Virtually assured of the post if Cook County Board President Richard Ogilvie wins the Governor's race is Ralph J. Smith, who presides over the house now and withdrew from the race to head up Ogilvie's Downstate campaign.

Stratton, so far, has been laying back well off the pace in the gubernatorial sweepstakes, but he had better start making his move soon if he wants to stride into the winner's circle on June 11.

Most persons who visit Washington appear most surprised at the maze of activities crowded into the daily life of a Member of the House of Representatives or Senate. The office of President involves infinitely more pressures, more demands, more difficult decisions, more criticism, more disapproval and more frustrations.

Former President Truman in his book, "Mr. President," declared: "No absolute monarch has ever had such decisions to make or the responsibility that the President of the United States has. It is really fantastic." President Truman used colorful language in admonishing those who are unable to stand the pressures of such responsibility when he said: "If you can't stand the heat, get out of the kitchen." In the case of President Johnson, much heat has been generated by a seemingly endless war in Vietnam, civil unrest in our cities, and an economic crisis which threatens the entire Free World. But the advice to get out of the kitchen may have come from one who is more familiar with household kitchens—Lady Bird Johnson.

President Johnson will remain in the White House for an additional eight months will all of the burdens which his office entails. In the opinion of this Member of Congress, the White House already has become a pleasant place since Lyndon and Lady Bird reached the decision that no matter what happens on November 4, they'll be moving back to their Texas ranch on Inauguration Day, January 20, 1969.

The April 4, 1968 issue of your paper carried a news article about the Antioch Post Office and in it mention was made that Joseph Wolf had not passed a civil service examination that was given for the purpose of filling the Postmaster at this office. Since two years ago when Mr. Wolf was appointed Acting Postmaster, this office has enjoyed many fine achievements not only in the postoffice but in the community as well. It is inconceivable that he could fail to pass the civil service examination if the test were given under normal circumstances.

On the afternoon of the day preceding the scheduled examination Joe Wolf received news of a death in his family. I felt that he should be spared the ordeal of sitting in a room for several hours taking the test, so I called the Chicago Regional Office to ask for a postponement of the examination but, because it was late on a Friday afternoon, I was unable to contact anyone with authority to postpone the test.

Mr. Wolf did appear at the scheduled time for his test but was certainly at a decided disadvantage because of the emotional strain that grips us all at the loss of a loved one.

Had I been one of those competing in this examination I

THE ANTIOCH NEWS 7

Paul Yuska, Tom Effinger, Bob Biaggi and Russ Barthel, members of Antioch High School's track team. Yuska and Biaggi are both Juniors and Barthel is a Senior and the three are returning lettermen.

Star of Antioch High School's Inter-Class 2 mile run. From left to right: Mike Polley, Chuck Denman, Lynn Barthel, Gary Doolittle, Dave White, Mike Griffin, and Tim Schremser. The winner was Chuck Denman.

## Junior Track Team Scores 66 To Win

In the annual inter-class track, the Junior class emerged as the winners, scoring 66 points. In a surprise strong second place finish was the Freshman class with 56 points. The Seniors were third, with 50 points and the Sophomores fourth with 38 points.

The meet produced three double winners, Seniors Bill Nader, Russ Barthel, and Junior Paul Yuska. Bill won the shot put and discus, Russ won the high and low hurdle races, with Paul capturing both the sprint races, 100 and 200 yard dashes.

There were several fine performances for this early meet, the first place finish of a freshman boy in the high jump—Jim Bittner and the Freshman relay team of Marty Romaine, Jim Coia, Gary Kneip and Jim Bittner, also added to the fine performance.

The team is now preparing for their first official meet with Irving Crown Saturday, April 13, at 10:00 a.m. at Irving Crown.

Next week the Antioch thincad men will be real busy. On Tuesday, April 16, they run against Waukegan; on Thursday, April 18, they have their first home meet against Warren. Then on Saturday, the Sequoits compete against a strong field of 12 teams in the Lake Forest Invitational Track Meet.

## Antioch Loses To Wilmot 6-2

Antioch	R H E
Wilmot	6 7 2

Wilmot won an exhibition game with the Antioch Varsity baseball team on Monday, April 8, scoring six runs to two for the Sequoits.

Zanek and Jerry Martin were the opening battery for the Sequoits, but Zanek was relieved as pitcher by Karl Jennrich in the third and Mike Wells in the fifth. Allen Bocox took over as catcher in the fourth and Jim Maier relieved him in the sixth.

Jim Carlson scored one of Antioch's runs in the fourth inning and John Meyer scored the other run in the sixth. Singles were made by Pleviak, Strahan, Jim Shore and Terry Nickerson. Ralph Zanek got two hits, one double and a single.

Wilmot scored three runs in the first, two in the third inning and one in the fourth. Sonnichsen was the winning pitcher and Zanek was the losing pitcher.

The way most newlyweds feather their nest is with down payments.

John Mikosh is a Senior letterman and runs the mile for Antioch's track team.

## Zion Clobbers Antioch 10-2

Antioch	R H E
Zion	10 9 3

Antioch lost their exhibition game with Zion on April 6, and their main trouble was their inability to hit, plus a total of six errors.

Lowery was the winning pitcher and Mike Wells was the losing pitcher.

Antioch did their scoring in the 4th inning. Zank walked, and Jim Carlson got on first due to the pitcher's error. Zank scored when they tried to pick him off and Carlson went to third on the play and scored on a sacrifice by Joel Strahan.

Zion scored two runs in the third inning, two in the fourth and six in the fifth.

Wilford Wells relieved his brother Mike as pitcher in the fifth inning and Jim Maier relieved catcher Jerry Martin.

Antioch's three hits were a single by Greg Drije in the first; a double by Ralph Zanek in the first, and a single by Al Comstock in the third.

## Don't Start Smoking PTA Warns Students

Two thousand, two hundred PTA's have distributed thousands of copies of the brochure "His First Cigarette May be a Matter of Life or Death" and will be distributing thousands more in the coming months.

Last spring a program started to educate parents of seventh and eighth graders to the dangers of smoking and to seek their support in influencing their youngsters NOT TO BEGIN THE HABIT OF SMOKING.

Many PTA's are devoting special meetings to health programs to educate their members to the dangers of smoking. PTA's are alarmed by the facts they have learned:

That more die from smoking than from wars or traffic accidents; that smokers lose more

days from work . . . spend more days in bed and have more restricted activity days than those who don't smoke . . . that those who stop smoking do reduce the health hazards . . . that the 1967 Surgeon General's Report confirms and strengthens the findings of the 1964 Report.

Mrs. Emmet J. Newman, chairman of the Committee on Smoking and Health for the Illinois PTA stated: "The fight has just begun. We must continue to work with parents, schools, youth and health agencies to emphasize the fact that smoking is a health hazard, and come up with ways to help young people to make wise decisions and to make up their own minds that it is not smart to smoke."

lies", and Ronald Thums entered "The Interference Theory of Forgetting." For this he received the Kenosha County Medical Society Award.

## Traffic Fatalities Decrease In March

Traffic fatalities in Illinois from March 1, through 15 totaled 71, according to provisional reports released by the Division of Highways and the Illinois State Police. This was a decrease of 12 per cent from the 81 traffic deaths reported for the same period during 1967.

Poppy Service at 8:00 p.m. on Wednesday at the Strang Funeral Home in Antioch, Ill., where he rested after 6:00 p.m. Wednesday.

Central Winners at Science Fair  
Two students were selected as winners at the Bradford High School Science Fair. Pat Welneth won second place in Biology, "Egg Production and Its Deformi-

ties", and Ronald Thums entered "The Interference Theory of Forgetting." For this he received the Kenosha County Medical Society Award.

Three Salem Central girls who were entered in the District Forensics contest on Saturday, March 30 received an "A" entitling them to compete at Madison on April 27.

The girls are Sandy Neuens, daughter of Mr. and Mrs. Lawrence Neuens, Somers; Lynne Grams, daughter of Mr. and Mrs. Dormund Grams, Paddock Lake; and Kathy Street, daughter of Mr. and Mrs. Street, Slades Corners. Each received their "A" rating at Whitewater at the district meet.

Other students who had advanced to Whitewater were Karen Erickson, Betti Holloway, Duane Steiber, Wayne Stockwell, and Mary Zwirgidas.

Lynn Grams chose passages from "Rebecca", Sandy from "Romance of Digestion" and Kathy, "Jobs for Sale."

Musie Awards Given

Cheryl Winfield and Sandra Neuens have been named co-recipients of the Orion Award at Central High School. This award is presented to the senior who has contributed most to the choral program during his or her high school career. Other considerations toward its presentation are scholarship, leadership, talent and inspiration to others as well as diligence.

Miss Winfield has been accompanist for glee club and chorus for four years. She has also accompanied numerous solos and ensembles, including the Falconettes, the select girls' ensemble. She also sang the role of Meg Brockie in the musical "Brigadoon" this past fall. She has been active as cheerleading captain, member of student council, thespian club, and as a participant in forensics. She has won other honors such as D.A.R. award, Badger Girls' State, and is a member of the National Honor Society.

Miss Neuens has been soprano soloist with the chorus for the past two years. In addition she has accompanied the glee club and solos and ensembles. She is a member of the madrigal, a select mixed group. She will represent Central High as the first vocalist in several years at the State music contest, having received superior ratings in both soprano solo and mixed duet. Her other activities include thespians, art club, and forensics. She will also play a leading role in the spring play "Twelve Angry Men."

Cast Chosen for Spring Play

The play "Twelve Angry Men" is scheduled for April 26 and 27 at Central High School Gym. This play portrays the characterization of twelve jurors left to decide the fate of a man accused of killing a man. Reginald Rose, author and playwright wrote this play for television and it was highly successful, and the author received an Emmy for this presentation. Later the play was made into a motion picture.

The cast selected by Mr. Terry Havel, director, is as follows: Foreman, John Grumbeck; Juror Two, Beck Greslick; Juror Three, Jim Van Liere; Juror Four, Sue Kiers; Juror Five, Tom Nemeth; Juror Six, Sue Kozik; Juror Seven, Richard Glover; Juror Eight, Sandy Neuens; Juror Nine, Don Symmonds; Juror Ten, Mike Tremonte; Juror Eleven, Mary Zwirgidas; Juror Twelve, Mike Wagner; Guard, Jim Erdman.

Tickets for the play may be had at the door.

The theme, "A Summer Happening" will accent summer sportswear and formals, modeled by men, women, teenagers and children.

It is the purpose of the club to establish a continuing scholarship fund.  
Refreshments will be served and there will be entertainment during the intermission. Tickets are available from community club members, and students at the door.

## Plumbing Contractors Must Be Certified

Plumbing contractors must be certified by April 1 under the new Illinois Plumbing Contractors Certification Law.  
The law defines "Plumbing Contractor" as any person, firm, association, partnership or corporation engaged in the business of installing, superintending, maintaining or repairing plumbing in any or all of its branches, whether such business is conducted by contract or otherwise. Registered plumbers and plumbers' apprentices employed by others need not apply for certification.

Applications, which must be renewed annually, should be filed with C. W. Klassen, chief engineer, Division of Sanitary Engineering, State Office Building, Springfield, Ill.  
In Montgomery, Ala., it is against the law to use profanity in the presence of a female.

Dr. Ormand C. Julian, president of Chicago Heart Association will speak April 17 at sixth annual meeting of the Heart Association of Lake County.

## April Is Cancer Control Month

With emphasis centered on cancer's seven warning signals, the American Cancer Society has launched its 1968 educational and fund-raising Crusade.  
Once again, April has been set aside by Congress as Cancer Control Month and President Johnson is expected shortly to make the period officially Cancer Control Month by proclamation.

According to Mrs. William Brook, Antioch Crusade chairman, the Crusade will focus attention on the fact that too many people are not familiar with just which early signs could indicate cancer.

"While the public is slowly acquiring knowledge of the signals," she said, "surveys show that too many cannot name most of the signals. A recent study, sponsored by the American Cancer Society, revealed that 69% of those sampled could identify a single warning sign. Yet, in a similar survey in 1955 the figure was 60%, while a Gallup poll taken in 1949 showed only 51% would name a correct signal."

"A nine percentage point gain in awareness of this vital information is most welcome, but it is a slow step forward over an 11-year period. That's why the Cancer Society is stressing the value of knowing these signals."

"The basic, yet simple, warning signals that could mean the presence of cancer serve as an alert to aid in early diagnosis when cancer is in its earliest and most curable stage," Mrs. Brook said.

Plans for the all-out April Crusade, Mrs. Brook explained, include nationwide distribution of 40,000,000 leaflets listing the seven warning signals of cancer. Every family in Antioch will receive this leaflet, most of them to be distributed in person by Cancer Society volunteer workers during April.

The seven warning signals of cancer, as itemized by Mrs. Brook are: 1—Unusual bleeding or discharge; 2—A lump or thickening in the breast or elsewhere; 3—A sore that does not heal; 4—Change in bowel or bladder habits; Hoarseness or cough; 5—Indigestion or difficulty in swallowing; 7—Any change in a wart or mole.

Should any of these signals last longer than two weeks, Mrs. Brook urged an early visit to the doctor. "Only he can tell if cancer is present."

The 1968 April Crusade will bear the slogan, Mrs. Brook concluded, "It makes sense to know the seven warning signals of cancer. And it makes sense to give to the American Cancer Society." To date \$285 has been raised in Antioch.

## Dickson Mounds Museum Now Open

Dickson Mounds Museum is now open for the spring season and is already attracting school groups and other visitors.

Director Milton D. Thompson said the planned new construction will not get underway until about July 1 and recommended that school groups and other persons interested in visiting the Mounds, plan their trips in April, May and June. Field excavations have also been started on the site and visitors may now watch anthropologists at work.

When construction of the new museum is started, the Don Dickson excavations will be covered for protection and "off limits" to visitors.

Applications, which must be renewed annually, should be filed with C. W. Klassen, chief engineer, Division of Sanitary Engineering, State Office Building, Springfield, Ill.

In Montgomery, Ala., it is against the law to use profanity in the presence of a female.

## 4H And Extension Ceremony April 28

The long awaited ceremony to signal the construction of the new 4-H and Adult Extension building at the Lake County Fair Grounds, will be held Sunday, April 28, starting at 3:00 p.m. according to an announcement by Ray T. Nicholas, Lake County Extension Adviser.

The members of the Building Association, after spending much time, are desirous of having all persons attend who have worked on various places of the new building program, including 4-H Club leaders and members, Extension Council members, County Board of Supervisors, Farm Bureau Directors, Home Economics Unit officers and members, and all others who have participated or will be participating in the 4-H and Adult Extension Programs.

The Lake County 4-H and Adult Extension Building Association awarded the contract for construction of the new building to Nels Quist contractors of Gages Lake. On being awarded the contract, Mr. Quist stated that construction would start in a few days. The building will be constructed at the Lake County Fair Grounds just south of the Farm Bureau Building. It will house the offices of the Extension and Assistant Extension Advisers in Agriculture and Home Economics and provide areas for secretaries, work and store rooms, demonstration kitchen, work rooms, a meeting room, and a basement. The building will be 40 x 88 feet and of colonial design.

Financing of construction of the new 4-H and Adult Extension Building is made possible through a substantial loan for approximately half the cost of the new building and the earning realized from the sale of candy by 4-H members and adult members of the Home Economics Extension Association units in Lake County. More than \$20,000 was realized from these sales. In addition, many contributions have been received from interested individuals and business and other institutions in Lake County.

Additional funds are still needed and contributions from any who are interested in supporting the 4-H and Adult Extension programs will be most appreciated. Mail to 4-H Building Fund, P. O. Box 267, Grayslake, Illinois 60030.

## McClory Monday Holiday Bill Reported Out

The House Judiciary Committee has ordered reported a bill sponsored by Congressman Robert McClory, (R. Ill.) to provide for the celebration of certain national holidays on Mondays.

Under the provisions of the McClory bill, H. R. 15951, three traditional holidays would be observed on Mondays: Washington's Birthday (third Monday in February), Memorial Day (last Monday in May), and Veterans Day (Fourth Monday in October). In addition the bill would establish a new national holiday, Columbus Day, to be observed on the second Monday in October.

The bill reported by the Committee is a compromise version of a previous McClory Monday holiday bill, H. R. 11679, which had included Independence Day and Thanksgiving Day.

The compromise bill, introduced by McClory and 15 co-sponsors on March 13, is designed to give full accord to the patriotic and religious significance which Americans attach to the celebration of these two holidays on their present dates.

Congressman McClory stated: "This bill will not do violence to history or tradition. Indeed, I would hope that the inclusion of Columbus Day as a new national holiday will pay tribute not only to Christopher Columbus' daring and courage in coming to the New World, but also to the dedication and willingness of Americans to explore, discover, and invent in challenging the uncharted frontiers of the 20th Century—space, science, religion, and the problems of human want and misery."

McClory continued by saying: "Although this legislation affects only Federal employees and the District of Columbia, I believe that the states will adopt the Federal pattern with regard to Monday holidays, as they have with other holidays."

Recent action by the Massachusetts State Legislature establishing three Monday holidays (Washington's Birthday, Patriots' Day, and Memorial Day) prompted renewed congressional interest in the subject of uniform Monday holidays. In the closing weeks of

the last session of Congress, H. R. 11679 was stalled in the House Judiciary Committee after two days of consideration. A similar Monday holiday bill is still pending before the Senate-Judiciary Committee.

Co-sponsoring the McClory Monday holiday bill were Congressman Stratton (D.N.Y.), Rodino (D.N.Y.), McCulloch (R. Ohio), Donohue (D. Mass.), Corman (D. Calif.), Smith (R. N.Y.), Edwards (D. Calif.), Meskill (R. Conn.), Sandman (R. N.J.), Huntgate (D. Mo.), Tenzer (D. N.Y.), Jacobs (D. Ind.), Ellberg (D. Pa.), Moorhead (D. Pa.), Annunzio (D. Ill.). All but three co-sponsors are Members of the House Judiciary Committee.

## Cardinal Announced Proceeds

John Cardinal Cody has announced that the Archdiocese of Chicago, which includes the Antioch area, has received a total of \$14.9 million in cash payments on pledges for Project Renewal.

The pledge total for the same period stands at \$43.1 million up from the \$41.6 million announced at the end of June, 1967.

A progress report showed that a total of \$12.8 million had already been expended or committed to educational, parish and special programs included in Project Renewal.

Project Renewal has financed expansion and renovation of existing high schools in the amount of \$2.5 million and special assistance to all Catholic high schools in the Archdiocese in the amount of \$773,000 has been made.

These funds were used to meet emergency expenses, notably higher salaries for teachers and the cost of special programs for slow learners.

## Committeemen Supporting Hoogasian

First Asst. State's Attorney Jack Hoogasian has received the support of Antioch and Lake Villa Township Republican precinct committeemen in his race for the GOP nomination for Lake County State's Attorney.

In addition to the committeemen, Hoogasian received the support of two high Lake County officials at a dinner at Lorenz's Smart Country House.

Antioch Township Supervisor Lloyd E. Murrie, chairman of the Lake County Board of Supervisors and State Rep. W. J. Murphy, R-Petite Lake, Antioch, both said they were supporting Hoogasian.

All the Antioch Township GOP precinct committeemen and all but one of the Lake Villa Township committeemen said they would support Hoogasian.

Committeemen at the meeting said the expressed support was tantamount to formal endorsement, which is expected to shortly follow.

It was the first time in the current county campaign that any candidate has been endorsed.

## GI Benefits For U.S. Veterans

Benefits of the new, or Third GI Bill, are not solely for Vietnam veterans, but apply equally to veterans who served in the Armed Forces any time after Jan. 31, 1955.

That was the cutoff date for Korean Conflict veterans who received major benefits under the Second GI Bill, John B. Naser, Manager of the Veterans Administration's Regional Office in Chicago, explained today. To qualify, a veteran must have had at least 181 days active duty with any part coming after Jan. 31, 1955.

Benefits include:  
—Educational assistance. Full-time payments for college type training range from \$130 a month for a single veteran to \$175 for a veteran with two dependents, with \$10 extra for each additional dependent.  
—High School. The same payments are available to a veteran while he completes high school without losing any G.I. Bill eligibility for advanced educational benefits.

—Apprenticeship or other on-the-job training. Payments (based on six-month periods) begin at \$80 per month in the first period for a single veteran with added payments for veterans with dependents.

—Farm cooperative training includes institutional courses. Payments range upwards from \$105 a month.

—Vocational flight training. Payments cover 90 per cent of the established charge for flight training for veterans who have the equivalent of a valid private pilot license.  
—G.I. loans. VA guarantees a portion of loans made through commercial lenders. On home loans the VA will guarantee up to \$7,500 of the loan; on farm real estate loans up to \$4,000, and on non-real estate farm loans up to \$2,000. VA will make direct loans for homes in certain cases.

—Medical care. VA provides hospital care for all veterans who served in the Armed Forces after Jan. 31, 1955, (whether their service is classified as wartime or peacetime) on the same basis as for veterans of earlier wars. Top priority goes to men needing treatment for service-connected or service-aggravated disabilities. If a bed is available, veterans may be admitted for any ailment requiring hospitalization if they are unable to pay for the treatment in a private hospital.

—An allowance of \$1,000 toward purchase of specially-equipped automobiles for veterans with certain severe disabilities suffered while in service.

In addition to VA benefits, veterans who served after Jan. 31, 1955, are also entitled to Civil Service preference in Federal employment and to job counseling and placement by the Department of Labor and State Employment Service Office.

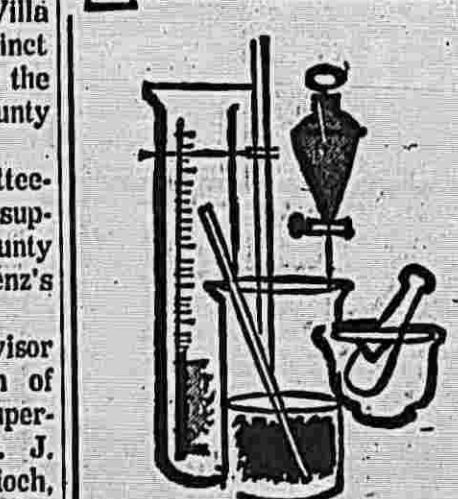

## Prince Named To Sponsoring Board

William Wood Prince of Sand Lake Road, Lake Villa, president and chief executive officer of Armour and Co. has been named to the Sponsoring Board of the United Settlement Appeal.

The Sponsoring Board consists of 51 prominent business, professional and labor leaders. The board helps set policy for the Appeal and acts as adviser to the chairman.

## Symbol of Better Health

## Rx Stands For Prescriptions

There are many theories regarding the origin of the symbol, "Rx" . . . one claims that it is an abbreviation of the Latin word "recipe." Whatever its origin, the "Rx" today symbolizes the prescriptions that help us attain better health, longer life.

## Families Invited To Camp At Show

Campers still may apply to camp on the grounds during the Lake County Family Camping show to be held May 17-19 at the Lake County Fairgrounds, according to Helen Volk and Ray T. Nicholas, Lake County Extension Advisers.

Final deadline for applications has been set for May 1. Application blanks may be requested by mail or picked up at the County Extension office in the Farm Bureau Building, Route 45, Grayslake.

Forty families will be selected from the applicants to camp for the weekend on the show grounds. These campers, who will have a wide variety of camping trailers and equipment, will answer questions and discuss their camping units and experiences with visitors to the three-day show.

This first camping show to be sponsored by the Lake County Extension Service, will begin at 7:00 p.m. on Friday, May 17, and continue until Sunday afternoon, May 19.

Along with the camping families there will also be displays of new camping equipment, boats, and sporting goods.

Exhibits of camping fashions and foods will be at the show, and camping guides for Illinois and surrounding states will also be available to all visitors.

Experienced campers will show slides and present travel talks about their camping adventures. Also being planned for the visitors' entertainment are square dancing, folk singing, and a campfire with a campers' hootenanny.

The Lake County Home Economics Council and the 4-H Junior Leaders will provide a snack bar on the grounds.

Admission for the show has been set at 50c for adults and children under 12 years of age, 25c. Parking on the grounds will be free.

Now they're investigating TV fans. They caught a fellow the other night eating his TV dinner in front of a radio.

## MOOSE TOPICS

By Lillian Birdsell

The Easter Egg Hunt, sponsored by the Antioch Moose, and held at the Shrader's Resort on Sunday, April 7, was a real success. Children whose ages ranged from one to five were supposed to hunt from 2 to 3 p.m. and others in ages from 6 to 12 were scheduled to hunt from 3 to 4 p.m., but when Governor Scotty Birdsell announced the start of the hunt, all the children scattered in all directions. They were not concerned about their ages and once they were loose, there was no stopping them and the scheduled planned hunt was soon erupted. This did not seem to trouble them for they were really having themselves a time. Following the hunt Governor Birdsell added candy to all their baskets and presented the prizes. Stuffed Bunnies were awarded to 4 year old Bobby Stoen, 5 year old Laureen McLeod and 2 year old Shelly Bello for finding the winning eggs. Money prizes were awarded to Kenneth Ward who received \$3.00, Dawn Schumann \$2.00 and Kitty McLeod \$1.00 for their winning eggs.

Following the egg hunt came the penny and nickel scramble. Governor Birdsell tossed up the pennies and nickels for grabs and the youngsters had fun looking for the change. An estimated gathering of over 10 were present to make the Easter egg hunt a success.

Mr. and Mrs. Bunny Rabbit will be present at the Antioch Moose Home during the fish fry on Friday evening, April 12. They will entertain during the meal hours and the children will be given favors.

The Antioch Moose bowling teams played in Waukegan Sunday, April 7. Team One took one game from McHenry with Claude Anderson taking both high game

of 193 and high series of 524. Team Two also won one game from their opponents, Fox Lake. Jerry Kusch had high game of 191 and high series of 493. The Antioch Moose bowling team will be host to the bowlers when they play in Antioch on Sunday, April 28th.

Eddie Roberts, chairman of the soft ball team, had a party for all the players at the Moose Home Saturday evening, April 6. Refreshments were served and Barry Schaffer supplied the music for dancing.

A social gathering will take place at the Antioch Moose Home Saturday evening, April 13. Bar-B-Q and all the trimmings will be served and all members are invited to attend.

A meeting of the officers of the Loyal Order will be held at the Moose Home Wednesday evening, April 17.

## Women's Club Gives Details Of April 2 Tour

The Antioch Woman's Club, Tenth District, Illinois Federation of Women's Clubs, toured the Oriental Institute April 2.

The trip was made by bus and lunch was served at the Quadrangle Club on the University of Chicago Campus.

A business meeting was held after the luncheon with Mrs. Joseph Horton, president, presiding.

A nominating committee was elected with Mrs. Ed Vos chairman. Others on the committee included Mrs. Donald Purdy, Mrs. Ted Costoff, Mrs. Norman Jedele, Mrs. Stewart Olsen and Mrs. Clarence Olson.

## Where The Boys Are

GREAT LAKES, Ill., March 29—Seaman Apprentice Kenneth J. Nelson, USN, 20, son of Mrs. Emma I. Rakow of Rte. 2, Antioch, has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

VIETNAM, March 28—Marine Corporal James R. Hafferkamp, son of Mrs. Harold C. Brunson of Rte. 1, Bristol, Wis., is serving with the 3rd Battalion, Eleventh Marine Regiment, First Marine Division in the Republic of Vietnam.

An artillery arm of the Third Marine Division, the battalion provides fire support for the division's infantry units and for Allied forces in Vietnam.

The unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self-help projects, such as the building of wells, culverts, small bridges and school. Equipment and materials for the project are made available through the Marine Corps Reserve Civic Action Fund. Marines in Vietnam provide the know-how and guide the Vietnamese people in carrying out these projects.

## Final Concert Sunday

On Sunday, April 14, at 3:30 p.m. the final concert in the Chicago Chamber Orchestra's current winter series will be performed in the main auditorium of the Museum of Science and Industry. Dieter Kober will conduct.

The concert, which is free to the public, will pay tribute to Illinois' sesquicentennial celebration by including in its program a work by Robert Kurka, a native of Cicero. His "Ballad for French Horn, Op. 36" will feature Paul Ondracek as soloist.

Sunday's concert concludes the orchestra's 16th season of winter performances. A series of four Sunday afternoon outdoor concerts by the ensemble, on the promenade of the lagoon bordering the Museum's south side, begins May 26.

## Lake County Coed Champ Pie Baker

A Lake Zurich High School senior, with a flair for cooking, proved that she holds a recipe for success. On Saturday, March 30, Vicki Kaye-Mertes, 17, baked the best cherry pie in all of northern Illinois and walked off with a \$1,000 college scholarship.

The award-winning cook was selected out of 11 other outstanding home economics students competing in the final competition of the Penny Flame Home Economics Awards Program. Competition was held at the Northern Illinois Gas Company General Office near Aurora.

Besides the culinary arts, Vicki, who was also a division level finalist last year, has shown proficiency in many areas during high school.

Her home economics teacher, Mrs. Lou Ann Hinton, who was her sponsor in the Penny Flame program says, "Vicki not only bakes an excellent pie, she is a fine student. I know her heart is set on pursuing a career in the field of home economics. She had the desire to win in the finals and she did it."

Active in school affairs, Vicki is vice president of Future Homemakers of America, a member of the National Honor Society and was chosen as a semi-finalist for the Americans Abroad Program (American Field Service). She was also on the homecoming and prom courts, and chosen as an arch bearer for senior graduation. She includes cooking, snow skiing, and horseback riding among her leisure time interests.

## McClory To Address GOP Women

Twelfth District Congressman Robert McClory's Washington Report will be presented at the annual spring luncheon of the 12th District Congressional District Women's Republican Club on April 29 in the Illinois Room of the Illinois Beach State Park Lodge, Zion.

Festivities will get under way at 11 a.m. with cocktails which will give the women the opportunity of meeting Republican candidates for office in the primary election June 11.

Both Republican gubernatorial candidates John Henry Altorfer and Richard Ogilvie will attend.

GOP County Chairman Robert Milton will introduce McClory and Mrs. John Studebaker of Zion who will offer the invocation. An auction will be presented, offering items of particular interest to women during this election year. Mrs. Charles Maley of Lake Bluff is chairman of the event, assisted by Mrs. Homer Barnes, Barrington, and Mrs. Dorothy McEachren, McHenry.

Other committee members include Mrs. Frank Borst, Mundelein; Mrs. Robert Badger, Libertyville; Mrs. Raymond Vierck, Harvard; Mrs. John Clavey and Mrs. Donald Knapp, Highland Park; Mrs. Baldwin Newman, Lake Forest; Mrs. Jean Hain, Wauconda; Mrs. George Thomas and Mrs. Clayton Thomas, Crystal Lake; Mrs. Walter C. ### Card Parties

The Altar and Rosary Sodality of "Prince of Peace Church" is sponsoring a card and bunco party on Thursday, April 18 in the church hall, starting at 8 p.m. The public is invited.

The theme for the Lake Villa Township Woman's Club is the "Gay 90's". It will be held at the Lake Villa Village Hall on Wednesday, April 24, at 8 p.m. The hall will be decorated as a Gay 90's Casino and the members will be dressed in costumes of that period. Tickets are available from the members or at the door.

### Rummage Sale

Prince of Peace Church is planning their annual rummage sale for June. When doing your spring cleaning, set aside your good, usable items for them. They will be accepted after school lets out, in June.

### Project Renewal

Father David Lynch reports that \$18,725.54 has been received toward the \$58,026.00 pledged for Project Renewal. He wishes to thank all those who are making payments on their pledge. To those few may be having difficulty meeting payments, a special word of encouragement is directed.

### Easter Lilies Needed

St. Mark's Church would like members and friends to share your Easter Lilies with them. The cost is \$3.00 per plant, and you may take yours home after the Easter services, or leave it for the sick and shut-in.

### Fashion Show

Approximately 135 persons attended the Fashion Show given by the Lindenhurst Women's Club on March 27. It featured styles by Olson's of Grayslake and hair styles by Dale's of Linden Plaza.

### Reunion

Phyllis Beatty of Cahokia, Ill., was guest of honor at a reunion with some of her former neighbors at the home of Mrs. Omdel Leukhardt at 103 N. White Oak Drive.

### Cub Scout News

The Webelos Den opened and closed Cub Scout Pack 84's meeting at the Lindenhurst Civic Center. In the absence of Russ Bethley, the new Cub Scoutmaster Hank Nauer presided. Activity awards were given to Frank Anderson, a silver arrow; Lee Terdin, one year service pin; Butch Sokup, a gold and a silver arrow; and Terry Roth, a denner's badge.

Mr. Nauer said they are in urgent need of den mothers for the Cubs. If no one takes over, the dens will have to disband. Mrs. Marie Anderson is still with the scouts.

The pack is going on an outing on April 20, to the Great Lakes Naval Station. There they will go on a tour of a submarine and perhaps go swimming in the pool there.

## Legion Auxiliary

By Del Jahneke

The Antioch American Legion Auxiliary No. 748 held its regular meeting on April 5th, at the Antioch Legion Home, with Mrs. Bernard Stadick, President, conducting the meeting.

The six winners of the annual state Americanism essay contest, co-sponsored by the American Legion and the Auxiliary, were in attendance. Mrs. Lester Zitkus, Americanism chairman, presented cash awards, on behalf of the Antioch Unit, to the Class I winners: 1st—Patrick Runyard; 2nd—Joellen Zannini; and 3rd—Tim Garwood, all students at St. Peter's Catholic Grade School; and the Class III winners: 1st—Carol Westlund; 2nd—Fred Schuemel-feder; and 3rd—Irene Doyle, Antioch Community High School. The winners also read their essays to an appreciative audience.

Mrs. Joseph Horton, Illinois Girl State chairman, announced that the Antioch Community High School faculty had notified her that this year's candidate will be Donna Garrison, Route 4, Box 265-A, Antioch, and her alternate is Marsha Mieuire, 451 Winsor Drive, Antioch.

A donation was made to the Four Chaplains Chapel for "Project Sunrise." This project is a story of the Four Chaplains of World War II (Two Protestant ministers, a Roman Catholic priest, and a Jewish Rabbi) who sacrificed their lives so that others might live. This story has been especially written by Margaret E. Sangster for all school children and will be distributed to Roman Catholic, Jewish and Protestant schools all through the United States and Canada. It is hoped that this story of interfaith expression of brotherhood through sacrifice will help to prevent bigotry in later years.

Another donation was also made

## Moms of Twins Meet April 18

The Y-Mothers of Twins Club will hold its monthly meeting Thursday, April 18, at 8 p.m. at the Y.W.C.A., 445 N. Genesee, Waukegan. Mr. Walter Ciesla of Larsen and Peterson will demonstrate Furniture Disguise. All mothers of multiple birth children are invited to attend.

For more information concerning the club, please call Mrs. Kenneth Mattson at 395-0405.

## Rainbows Have Pajama Party

At a recent meeting, Antioch Rainbow for Girls initiated Debra and Kathy Toft as new members.

Worthy Advisor Judy Wells had a pajama party at the Bruski home on Saturday night. After breakfast on Sunday, the girls attended the Christian Science Church for "Rainbow Sunday." After church they went to Lorenz's Smart Country House for dinner.

A rummage and bake sale is being planned for April 20 and will be held at the old Ford Garage building.

## Simonsens Return From Lake Worth

Eugene and Agnes Simonsen returned to their summer home at Lake Marie Saturday, after spending the winter at their home at Lake Worth, Florida.

They really enjoyed the Antioch News while in Florida, as it kept them in touch with the happenings in Antioch.

## Salem Grade School Offers Car Wash On April 12

A car wash for the benefit of the Salem Grade School Athletic Department is planned for Saturday, April 12 from 9 a.m. to 5 p.m. at Salem Grade School.

## Fire Department Still Dousing Fires

Fires caused mostly by carelessness are still plaguing the Antioch Fire Department. They answered approximately 10 calls this past week.

Three fires were put out Tuesday—a shed fire at the Hult residence on Loon Lake; a grass fire on Lotus Avenue south of Grass Lake school; and a trash fire at the home of Jack Nelson on Depot street.

The fire department continues to caution people to be careful, and not to burn on windy days.

to the state child welfare program. Mrs. Walter Hills is the Antioch unit child welfare chairman.

Mrs. Ray Rathmann, unit Poppy Chairman, asked that the unit purchase 1,200 poppies to be sold on Poppy Days, May 24 and 25. The Antioch American Legion Post members assist the Auxiliary members on Poppy Days.

Three honored guests were present at the meeting: Mrs. William Schultz, North Chicago, 10th District Director; Mrs. Richard Brady, Gurnee, Alternate Director; and Mrs. Ray Rathmann, District Treasurer. All three District officers gave brief talks and complimented the Antioch Auxiliary on their many achievements.

## Jewish Passover At Grace Community Church

The Jewish Passover will be presented Good Friday, April 12, at the Grace Community Church in Venetian Village.

The featured speaker will be Harry Jacobson, missionary-in-charge of the Chicago branch of the American Board of Missions to the Jews, Inc. Mr. Jacobson recently completed an extensive consultation program in the Los Angeles area, which is the second largest Jewish community in the world. He is the grandson of a Latvian rabbi and two of his uncles were cantors.

This program will be a sermonic presentation in the Orthodox Jewish costume and tradition of the great redemption festival that was instituted even before the Ten Commandments. It will be the version of the Passover essentially as held since the time of the Babylonian captivity.

At this feast Jesus appointed the Holy Communion, the Last Supper. Much of the symbolism that exists in the church today is derived from this Passover memorial.

The American Board of Missions to the Jews was founded in 1894 by the former Chasidic Rabbi, Leopold Cohn, and is the largest agency of its kind. It has a staff of more than 75 full and part time missionaries who endeavor to bring the gospel of Christ to Jewish population centers throughout the United States and overseas.

**EASTER MORNING.**  
Easter morning there will be

a Sunrise Service conducted at 6:00 a.m. on the west shore of Cedar Lake at the Allendale School for Boys, which is located just west of Lake Villa on highway 132, as you are leaving the city limits. Pastor Floyd Baker of the Berean Grace Church at Genoa City, Wis., will be the guest speaker. If the weather is rainy the meeting will be in the Allendale Chapel.

After the Sunrise service breakfast will be served in the basement of Grace Community Church, 201 Granada Blvd., Venetian Village. For further information concerning these services call Pastor John Buck, 356-8322.

Information to help determine national migration patterns will be sought from local households by the Bureau of the Census in its monthly Current Population Survey the week of April 15, Director Theodore F. Olson of the Bureau's regional office in Chicago, announced today.

Questions on household movements during the past five years will provide an insight into amounts and directions of population migration within the country and will be instrumental in forecasting future migration trends.

Other highlights of the April survey include inquiries on types of work during the previous year, and questions on family size and place of birth of household heads.

These special queries will supplement the regular monthly questions on employment and unemployment.

The monthly surveys are taken in a scientifically selected cross-section of several hundred areas throughout the United States, according to Director Olson.

Survey questions are asked of more than 50,000 households in these areas. The identity of those questioned is kept completely confidential and the facts collected are used only for statistical purposes.

The course of true love never runs smoothly and the detours aren't must better.

## Dr. Julian To Speak At Heart Ass'n Meet

Dr. Ormand C. Julian, president of the Chicago Heart Association, will speak Wednesday, April 17, at the sixth annual meeting of the Heart Association of Lake County.

The 7:15 p.m. dinner meeting at the Swedish Glee Club, 621 Belvidere Street, Waukegan, will also include the election of Lake County Heart Association officers and board members.

Dr. Julian, who is chairman of the department of surgery at Presbyterian-St. Luke's Hospital

in Chicago, will speak on blood vessel surgery, according to Dr. Julius J. Wineberg, president of the Lake County Association. Dr. Wineberg is expected to review past efforts in the fight to control heart and blood vessel diseases and to preview future efforts.

A social hour will precede the meeting. Tickets for the session are available at the Heart Association of Lake County, 1410 Grand Ave., Waukegan.

## AGS Band Makes It 14 Straight

George Olisar is mighty proud of his 65 band members at Antioch Grade School. Saturday, March 30, they won their 14th first place award in a row at the district band contest in Libertyville. This is a record in the county for district band contests.

This qualifies the band to enter the state contest which will be held on April 27 at Beach Park Consolidated School, Waukegan. Probably what please Olisar as

much as the first place award at Libertyville, were the compliments received from the judges on the training, discipline and appearance of the Antioch band members. One of the principals and several of the teachers of the Libertyville school also told Mr. Olisar that he had one of the best band groups that they had seen.

Pop those buttons, Mr. Olisar and parents—you deserve it!

## State's Atty. Race Draws Paul Hamer

Paul Hamer, 43, of 318 Pine St., Deerfield, is the fourth candidate to announce for state's attorney in the GOP June 11 primary election.

Hamer, who served in the Marine Corps during World War II, received degrees in engineering, economics and industrial administration from the University of Illinois and his law degree from DePaul University.

He served two years as a prosecutor and special assistant state's attorney and is presently involved in governmental law.

He also, as a public service, defended the indigent prisoners who were unable to retain their own counsel.

Hamer is married and has five

children. He said the reason he is running is because he believes there is a rapidly growing need for Lake County to have a capable, energetic and dynamic person in the office of state's attorney.

From the Newark, Calif., Argus: "The proud tradition of America is that there always have been free men willing to risk all to keep alive the spirit of freedom. It would be foolhardy to forget the sacrifices they made, or to think that present and future men are immune from similar sacrifices. Tyranny may change its form, but not its nature; and there must be men willing to resist the tyrant."

## Tax Request Shelved By School Board

The Antioch Community High School board of education has no immediate plans in the face of the recent defeat of the \$2.6 million building bond issue.

The board, at its canvass meeting reviewed the question of returning the issue to the voters once again but decided against it at the present time.

Under state statute the board has the prerogative of calling an election after a 60-day period but this will not be done according to Supt. Albert Dittman.

Dittman said the board took into consideration, in turning down the return referendum the fact that income tax time is here and the county tax bills will soon be in the mail.

He emphasized the fact that there would be no curtailment of the present educational program but lamented that now every nook and cranny in the school would have to be utilized to take care of the swelling enrollment.

"The need is still here," he said, "but I guess we will have to just sit tight, taking a hard look at the problem and hoping eventually to get the additional space that we know we are going to need."

Dittman pointed out that the school is over capacity right now and the fall enrollment is expected to hike attendance figures up to 1,160 or 1,170.

He said he didn't think the question would be put to the voters for at least several months.

## Cote Takes Ford Course

Russell Cote of Lyons-Ryan Ford, Antioch, has just completed a sales management course conducted by Ford's Chicago Marketing Institute to benefit Ford and Lincoln-Mercury customers by emphasizing after-purchase service and customer relations.

Subjects range from management and merchandising courses for dealers and their department managers to selling courses for salesmen. In addition, there are courses for selected Ford Motor Company personnel. Courses are developed from methods used by successful dealerships. Full-time professional instructors conduct the classes.

## U. of Illinois Okays Five Insecticides

The chemicals listed below are insecticides recommended by the University of Illinois for the control of homeowner insect problems. These chemicals will just about control any insect problem you may have in or about your house. They are sold either separately or in combination with other insecticides.

1. Carbaryl (Sevin) — This chemical is available as a 5% dust, 5% granule, and a 50% wettable powder. For the homeowner this is a relatively safe chemical to use, for a 187-pound man would need to get over a pound of it on his skin before any danger would develop. It is an excellent insecticide for chewing insects, and is available as a 5% dust in the leading flea and tick preparations for dogs and cats.

The 50% wettable powder should be applied by using a 3-gallon tank-type sprayer and not a hose-end sprayer. Sevin does an excellent job controlling such popular insects as bagworms, Colorado potato beetle, cucumber beetles, lawn webworm, fleas, locusts, inchworms, etc. It has two drawbacks: (1) Sevin is highly toxic to bees and should be used with care near beekeeping operations; (2) Continued use could

cause a mite problem. To prevent this use in combination with a miticide.

2. Chlordane — Chlordane is available most commonly as an emulsifiable concentrate, in pressurized spray cans, as a dust, granule and occasionally as a wettable powder. Chlordane is highly recommended by the University of Illinois as a foundation spray applied with a 3-gallon tank sprayer and does an excellent job controlling ants, bees, earthworms, grubs, wood boring beetles, sowbugs, spiders (brown recluse included), wasps, etc. For control of grubs in the lawn and the use of a hose-end sprayer does an excellent job of soaking the chlordane into the soil where it belongs.

3. DIAZINON — Diazinon is available as an emulsifiable concentrate in a pressurized spray can, and as a 2% granule. It is now exclusively recommended for control of cockroaches. It is also used for such insects as ants, aphids, bagworms, lawn webworms, sowbugs, millipedes, etc. It will control some insects not controlled by malathion.

4. MALATHION — Malathion is commonly available as a 50-57% emulsifiable concentrate. It is also available in pressurized spray cans and also as a 4% dust for fleas and ticks. Malathion works well on sucking insects and on some chewing insects. It is an excellent insecticide to use in the vegetable garden and on shrubs. It has two drawbacks: (1) Not a good residual, will last about 4-5 days; (2) Indoor use is sometimes very objectionable because of the odor.

5. PYRETHRIN — Pyrethrin is available just about everywhere. It is an all-around insecticide and is found in most of the commercial space sprays. It kills most of the household insects provided you hit the insect. The reason I say this is because it is a short-lived insecticide with a short residual effect of only two or three hours. It is an excellent insecticide to keep handy especially on a Sunday afternoon cookout this summer.

These chemicals are available at your local garden center, hardware store, farm supply, pest control operators, grocery and other like business establishments.

## Water Board Okays Rules

The Illinois Sanitary Water Board, meeting in Springfield last week, approved rules and regulations for the property tax treatment certification of water pollution control facilities. It also requested the Attorney General to proceed with penalty and fish kill actions totalling \$7,467.43.

The property tax certification rules and regulations adopted by the board are intended to outline the procedures by which property and equipment may be designated as pollution control facilities and receive appropriate property tax adjustments.

The next meeting of the Sanitary Water Board will be on May 7th in Springfield.

The Veterans Administration employs more than 76,000 women who comprise 44 per cent of the VA's work force.

# The Great Escape Sweepstakes.

Win a free self-cleaning electric range and get away from oven-cleaning. Forever. 120 winners in all. Enter now.

Oven-cleaning day. If it makes you feel like a prisoner in your own kitchen, you're ready for The Great Escape.

The Great Escape Sweepstakes is for people who hate to clean ovens. Eight drawings will be held. The prizes: 15 electric ranges with self-cleaning ovens to be given away at each drawing. 120 ranges in all, chosen from the following brands: Frigidaire, General Electric, Hotpoint, Kelvinator, Kenmore, Philco, Signature, and Westinghouse.

And if you don't win a new self-cleaning range—buy one. Because, during the Sweepstakes, any new electric range sold (self-cleaning or not) may come with our Escape Kit: free wiring installation. Which could save you \$100 or more. (And if a winner has already bought a new electric range during the Sweepstakes, we'll refund his full purchase price in place of the regular prize, if he prefers.)

So go ahead. Make The Great Escape today. And stop being tied to the rack.

**GREAT ESCAPE SWEEPSTAKES** is open, April 1—May 31, 1968, to all residents of the area served directly by Commonwealth Edison. Entries must be made on official entry blanks available at participating dealers. NO PURCHASE NECESSARY.

FREE WIRING INSTALLATION applies for a limited time only, to a wired and wiring installation for a new electric range in single-family dwellings served by Commonwealth Edison.

Only electric ranges have self-cleaning ovens.

The bright new ideas are Electric. Commonwealth Edison Company

## Antioch News Subscription Goes Back To 1904 — Are There Any Older?

Mrs. John F. Woolner (Nellie, 90), of Rt. 3, (Channel Lake), Antioch, has probably the oldest running subscription to the Antioch News.

Mrs. Woolner's father, Asa B. Paddock was one of the first subscribers back in 1904. Paddock was a guide and a trapper. He started a resort on the west side of Channel Lake called the Oakland Resort (now known as Stanley's Oakland Resort) in 1887. He operated the resort until 1905 when his daughter and son-in-law Mr. and Mrs. John F. Woolner took it over. They operated the resort until 1950.

Asa B. Paddock died in 1907, and the subscription continued in the name of John F. Woolner, son-in-law of Paddock. Woolner

died in 1959, but the subscription was continued by his wife Nellie.

At the time Asa Paddock operated his resort, the only other resort in the area was one operated by Joe Savage. They brought their guests from Richmond and on to Channel Lake by horse and buggy. In 1905 the Soo Line was operating in Antioch, and when the Woolners took over the resort at that time, they picked up their guests at the Soo Line in Antioch and brought them to the resort by horse and buggy.

Mrs. John Woolner is the mother of Mrs. Helen Dowell, of Antioch.

Do we have any other subscribers dating that far back? We'd like to hear from them.

## Records Set By Local Holsteins

Registered Holstein cows from this area are prominently mentioned in a special production testing report from the Holstein-Friesian Association of America, Brattleboro, Vermont.

Rock Flint Polly 5626711, a four-year-old, produced 16,040 lbs. of milk and 659 lbs. of butterfat in 365 days. Clanyard Jason Pandora 5989750, a three-year-old, had 18,258 lbs. of milk and 688 lbs. of butterfat in 365 days. Mistress Ravenglen Reflection 6407027, a six-year-old, had 19,960 lbs. of milk and 945 lbs. of butterfat in 365 days. All are owned by Robert L. Hunter, Ravenglen, Farm, Antioch.

The cows made their records under Dairy Herd Improvement Registry rules, a program that incorporates the DHIA records of Registered Holstein cows into the national Association's breed improvement programs.

The University of Illinois supervised the weighing and testing of the records. DHIR and its companion program, Herd Improvement Registry, have a combined enrollment of over 133,000 Registered Holstein cows in over 2,900 herds.

These new records compare to the average U. S. cow's output of 8,513 lbs. of milk.

Life seems to consist mostly of interruptions.

## Casualty, Theft Losses Can Be Tax Deduction

Theft and casualty losses may be deducted on Federal income tax returns under certain conditions, according to E. C. Coyle, Jr., Chicago's District Director of Internal Revenue Service.

These deductions are available to the many people who suffer damages to grounds, dwellings, automobiles, boats, furniture, and other property used for personal and business purposes as a result of hurricanes, fires, storms, floods and other disasters.

A deductible casualty loss can result from complete or partial destruction of property. Generally speaking, it must result from an identifiable event of a sudden, unexpected, or unusual nature.

Damage to your own car resulting from a collision or accident can be deducted if not due to your willful negligence or act. You cannot deduct amounts you pay for damage to another car with which you collided.

On property held for personal use, the amount of the loss is the lesser of (1) the adjusted basis of the property or (2) the decrease in the fair market value of the property as a result of the casualty loss. From this amount you must subtract the insurance or other compensation which you receive or expect to receive.

Only the amount of the net loss of property used for personal purposes in excess of \$100 per casualty or theft is deductible. Married taxpayers filing joint returns need to exclude only one \$100 for each casualty or theft. If they file separate returns, each is subject to the \$100 exclusion.

Theft losses including losses of money or other personal property, are deductible in the year they are discovered. Losses resulting from losing or mislaying articles are not deductible.

Some of the loss items for which you cannot claim a deduction are accidental loss of cash or other personal property; damage due to rust or gradual erosion; damage or destruction of animals or plants by disease; termite or moth damage; or amounts paid for the care of personal injuries.

## Marshall Reports Nixon Popular In 12th District

Richard Nixon's popularity in the 12th Congressional District is still growing according to a poll of precinct committeemen just completed by Irl H. Marshall, candidate for delegate to the Republican National Nominating Convention on the Voters' Preference slate.

The four members of this slate believe that convention delegates should vote the views of their constituents. The poll is to guide them in their convention votes.

The first question asked each committeeman was "which candidate for president do the Republicans in your precinct favor?" The vote was Nixon 88 per cent; Rockefeller 10 per cent; Reagan 1 per cent; Percy 1 per cent.

The next question was "who do they favor for his running mate?" The vote was Reagan 54 per cent; Percy 18 per cent; Rockefeller 10 1/2 per cent; Hatfield 6 1/2 per cent; Nixon 4 per cent; Rhodes 2 per cent; Romney 2 per cent.

The committeemen added these comments to their opinion ballot: "It is my firm belief that Everett McKinley Dirksen should be a candidate" regardless of his age.

"We would like the delegates to declare themselves in advance."

"My precinct feels Nixon's experience in government is very

## Peace Corps Placement Test April 20

Antioch area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 1:30 p.m. on Saturday, April 20 at 226 W. Jackson Blvd., Chicago.

The Peace Corps uses the Placement test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. The test requires no preparation and is non-competitive; an applicant can neither pass nor fail.

Persons interested in serving with the Peace Corps must fill out an Application, if they have not already done so, and present it to the tester before the test. Application forms are available from post offices or from the Peace Corps in Washington, D. C. 20525.

Twelve thousand Volunteers are currently serving in Asia, Africa, Latin America and the Pacific Islands, working with the people of those nations in self-help projects ranging from agriculture and nutrition to auto mechanics, education and health. Many Volunteers are needed for programs which will begin this spring and summer.

## Traffic Deaths Decreased In 2-Week Period

Traffic fatalities in Illinois from March 1-15 totaled 71, according to reports released by the Illinois State Police and Division of Highways.

This was a decrease of 12 per cent from the 81 traffic deaths reported for the same period during 1967, according to Francis S. Lorenz, Illinois Public Works director.

Thirty persons died in 25 traffic accidents involving collisions between two or more vehicles. An additional 41 fatalities occurred as the result of 36 accidents in which only the single vehicle was involved. Fourteen of those killed were pedestrians and 27 were drivers and passengers of the single vehicles involved, including six victims in three railroad grade crossing accidents.

The 1968 provisional death toll through March 15, which now stands at 417, represents a one per cent decrease from the 420 traffic deaths reported for the same period during 1967.

## Antioch High Graduate Band Tour Participant

## Patients Helped By Workshop At Hospitals

A "do-it-yourself" program wouldn't work in many areas of a hospital, but the Department of Psychiatry Inpatient Service of the University of Illinois Hospital is finding it extremely successful.

Since the main purpose of psychiatric treatment is to enable the patient to cope with his everyday existence—with the ability to work being a main measure of successful functioning—a pilot project has been set up to help the inpatients at the Hospital Neuropsychiatric Institute do just that.

As part of their therapeutic experience a "workshop" has been established within the institution.

Patients actually come together in a working situation and perform tasks that aren't just "make-believe" but necessary. They do simple clerical tasks such as stuffing or addressing envelopes, folding or collating papers. All work comes from departments within the University and is accomplished on the Campus.

Six or eight patients are able to attend the workshop at one time. They work approximately two and a half hours per day, five days a week, under the direction of Ed Zehr, a trained supervisor.

Patients are chosen to attend the workshop upon the recommendation of the treatment team that reviews their cases.

## State Farm Tops Billion In Premiums

State Farm Mutual increased the number of cars it insures by nearly three-fourths million and topped the billion-dollar mark in premiums for the first time in 1967.

Rick Witt and Roy Witke, who represent State Farm in Antioch and have their office at Rt. 59 and Grass Lake Rd., said today that they had received this advance report from the State Farm Home Office in Bloomington, Illinois.

The world's largest car insurer added 748,444 cars to its insured list in 1967, bringing the total to 9,894,720. Including cars insured by its affiliates, State Farm now protects 10,253,509 automobiles in the U. S. and Canada. A year ago the figure was 9,443,316 cars.

Earned premiums and membership fees in State Farm Mutual totaled \$1,073,220,889. This figure was up from \$960,663,803 in 1966 and marked the first time that an auto insurer had reached the \$1 billion mark in premiums in a single year.

Of its billion-dollar plus income in 1967, State Farm used \$847,478,371 in selling claims. That bill rose almost \$80 million during the year from \$768,431,287 in 1966.

In the report Witt and Witke said, "State Farm President Edward B. Rust pointed out that the slender profit margin was on an 'all U. S. and Canada basis' and did not give a true picture of some 'serious loss problems that we face in individual states.'"

Rust said the general underwriting picture had looked good through the first three quarters of 1967 and that rates had been reduced in several states as a result. But he said that in the last quarter, a sharp upturn in the number of accidents reported—coupled with inflation's steady upward pressure on the cost of repairing accident damage—turned the picture "very sour."

"We're uncertain about what 1968 will hold for us and the people who buy our product. If accident rates or repair costs stabilize or decline, insurance rates should follow. Increases in costs or accidents would probably force us to higher rates. There is a handful of states in which rates have not caught up with accident costs, and these will have prompt attention in 1968."

State Farm County Mutual of Texas (doing business only in that state) increased its policies in force from 8,840 to 10,316 during the year. Net written premiums rose from \$983,576 to \$1,420,060.

## Stern Running Uncommitted For Delegate

Herbert L. (Hub) Stern, of Highland Park, candidate for delegate to the Democratic national nominating convention has announced he is running uncommitted for the post.

Stern said he would carefully evaluate the strengths and weaknesses of all contenders and then support the candidate "who in my judgment best meets the needs of our nation and our party."

Stern, Democratic nominee for Congress from the 12th District in 1966, is active in Highland Park civic affairs.

## 4 Receive Scout Awards

The Annual Scout Leaders Appreciation Dinner of the North Shore Area Council, Boy Scouts of America, was held recently at the Great Lakes Naval Training Center. Six hundred and twenty-five Scout Leaders and their wives attended.

The feature of the evening was the recognition of Scout Executive E. A. Schwechel, who will retire on June 1. A presentation of "This is Your Life" was made, which included members of his family and Scouters from Wisconsin, Michigan and New Jersey with whom he previously served in scouting.

Training Awards were presented to Ray Atwood of Antioch who received the Wood Badge Award, and to Rosina Hellstern, of rural Antioch, who received the Den Mother Award.

Veterans Awards were received by Richard C. Harland, Cubmaster of Pack 86 for ten years service and to Earl J. Beese of Rt. 1, Committee Chairman of Troop 80, Grass Lake School, for 20 years service.

## Bertha Ogrin Conference Coordinator

Mrs. Bertha N. Ogrin of 628 N. Butrick St., Waukegan, has been appointed Lake County coordinator for the 1968 Campaign Conference for Democratic Women to be held in Washington, D. C.

She was named to this post by Mrs. Judith W. Foss of Deerfield, Democratic State Central Committeewoman for the Twelfth Congressional District.

The Conference, sponsored by the Democratic National Committee, is scheduled for May 19, 20 and 21 and will be held simultaneously at the Sheraton Park and Shoreham Hotels.

Among the events scheduled are a breakfast with President Johnson's Cabinet, a luncheon honoring outstanding women in politics and within the Democratic Party, and workshops designed to discuss Democratic philosophy, programs and techniques for Victory '68.

As a finale, the ladies are invited to a White House Reception with the President and Mrs. Lyndon B. Johnson.

From left to right: Elmer Kaphengst, Ernest Weidman, Harry Mesmer, Sr. and Byron Patrick all of Salem were honored recently at a dinner at Brass Ball Tavern for many years of service to the Salem Fire Department. Plaques were presented making the veterans lifetime honorary Chiefs.

## Ways To Control Cereal Insects

Many kinds of beetles and moths attack stored food products in the kitchen cabinets such as flour, sugar, cake mixes, hot cereals, cold cereals, pretzels, beans condiments (pepper, paprika, cinnamon, allspice, nutmeg, etc.); check the dog food also. Flour beetles, saw-toothed grain beetles, flat grain beetles, carpet beetles, bean weevils, pea weevils, rice weevils, Indian meal moths, Mediterranean flour moths, and Angoumois grain moths are some of the more common ones. These insects can be found mostly in packages or containers of food, but also in the cracks and crevices of the cabinets or cupboards. Since most of them are capable of flying this is one way they can enter the house. However, the more probable way is in already infested food brought into the house. Once established they spread quickly and become more progressively abundant.

Sanitation is the basic step to control. First, all food from the cabinets must be removed. For people who can't afford to discard the infested packages they may be heated to 15 degrees F. for 2 minutes to kill the insects.

Thorough cleaning of the cabinets and shelving is a must if the insects are to be controlled. A vacuum cleaner does a much

better job than sweeping.

After cleaning and while the cabinets are still empty spray the entire inside surface with 0.1% pyrethrin. This is available in a pressurized spray can and sold at almost all garden centers, hardware stores, drug stores, supermarkets, etc. Only a light spraying is needed. Before using any insecticide, read the label carefully. The most important few minutes in insect control is the time it takes you to read the label.

In the future, preventative measures may be advantageous: (1) buy foods in smaller quantities so that it will not remain unused for long periods of time; (2) whenever possible remove foods from their original containers and store in airtight containers; (3) avoid spillage and keep food storage spaces clean at all times.

Fatigue and drowsiness at the wheel are invitations to accidents. Fight fatigue in the following ways: Get plenty of rest before any trip so that you start refreshed; stop for a break every two hours, even if it's just to get out of the car and stretch your legs; and stop for the day when you begin to have difficulty concentrating on your driving.

The "crawler" creates a traffic hazard in his own way. Keep up with the traffic flow by driving at the posted speed limit—never over the limit, but also not too far under.
